This is a guide to information sources on botanical illustration and botanical art in the Helen Crocker Russell Library of Horticulture. It includes books, periodicals, article citations, children’s books and some videos. The search terms were limited to “botanical illustration” and its subheadings (including geographic and plant subheadings, as well as the history and techniques of botanical illustration, and biographical literature on botanical artists). Citations are listed alphabetically by author, and if no author is listed, then alphabetically by title. This guide does not represent the full scope of information on botanical illustration at the library. For more assistance, please consult a librarian.
